DANGER THREATENS THE CANAL.

Scarcity of Water Causing Anxiety to the State Board of Public Works—Attempted Burglary and Shooting Affray at Nelsonville—Ohio State Fair—Woman Seared Into Convulsions.

COLUMBUS, O., Aug. 30.—The state board of public works is looking with not a little anxiety upon the low condition of the water in the canals. Chief Engineer Perkins states that in many places there is scarcely two feet of water, and that therefore a large portion of the banks are left exposed to the sun.

In consequence the banks are cracking badly. In some places the crevices are so large that a man can thrust his arm into them the full length to his shoulder. The result will probably be that when the rains come, as they are predicted, in torrents about the time of the September equinox, these cracks will be enlarged into great holes and cause much damage to the canals. If the fall of rain comes gradually, thereby allowing the ground to soak up slowly, there is little danger, as the cracks in such an event would easily close up.

FATALLY SHOT.

An Attempt to Capture a Burglar Proves Very Disastrous.

NELSONVILLE, O., Aug. 30.—The town was all excitement here this morning over an attempted burglary of Cable & Company's hardware store, and the fatal shooting of James Knight, in an attempt to catch the burglar.

The scheme to rob the store looks like a prearranged affair and was known to the others. In consequence there were several watchmen around the store last night. At 1 a. m. a man supposed to be the leader of the gang, came up the alley at the side of the store and broke a window. He then proceeded to enter, but before he had hardly got his head inside, James Knight, one of the watchmen, struck him over the head, knocking him out.

There were several shots fired, but the burglar escaped. Knight was fatally shot in the head, the ball entering his brain. It is thought he was shot accidentally.

Knight was employed as a clerk in the store, and was one of the bravest and most popular young men of Nelsonville.

There is no hope of his recovery.

Charged With Murder.

COLUMBUS, O., Aug. 30.—A negro whose name is given as Earl Moore, but whose real name is said to be Wood, was arrested here yesterday on suspicion of having been implicated in a barroom murder in Cincinnati. It is said that Moore's father and another negro named Denny, living in Kentucky, had a feud which resulted in Denny killing Wood. Denny fled, and the murdered man's son, swearing vengeance, has followed Denny from one city to another. While in Cincinnati, about a month ago, Wood and another man in a barroom row, killed a third party. Both escaped. Wood's identity was established by a photograph.

Democratic Campaign Managers.

COLUMBUS, O., Aug. 30.—The Democratic state central committee met yesterday and elected the following executive committee to manage the campaign: General C. M. Anderson, Greenville, chairman; J. A. Norton, Tiffin; J. P. Seaward, Mansfield; George W. McCook, Steubenville; John Van Fleet, Kenton; B. W. Layton, Wapakoneta; J. J. McMaken, Hamilton; William Beatty, Toledo; F. J. Reinhardt, Columbus. The time and place of opening the campaign was left to the executive committee, but the consensus of opinion was that it should be about Sept. 15.

Brewery Combination.

CLEVELAND, Aug. 30.—It is said that negotiations have been in progress here for several days past looking toward the combination of all the breweries in this city. A leading brewer stated he believed that within a few months at the outside every brewery in the city would be in the trust and under one management. It is claimed that it is not the intention to raise the price of beer, but to do away with the backing now extended to saloonists by the brewers which consumes a large percentage of the latter's profits.

Seared Into Convulsions.

PORTSMOUTH, O., Aug. 30.—One of the most singular deaths in this section for many years was that of Mrs. William Timberlake of Springville. Last Tuesday as she was on the verge of drawing water from a well she spied a monstrous copperhead, which frightened her terribly. She ran in the house and was seized with convulsions, which continued until yesterday, resulting in her death.

Fatal Fire.

CLEVELAND, Aug. 30.—The home of Paul Alonski, on Devenny avenue, was destroyed by fire last night and his 5-year-old daughter Polly perished in the flames. In attempting to rescue the child Alonski was severely burned, and while looking for the body in the rooms Captain McKenzie of the fire department was injured by falling into a hole filled with burning debris.

AKRON, O., Aug. 30.—A Catholic priest, giving his name as P. J. McManus, and claiming to be pastor of a church in Chicago, is under arrest here for alleged drunkenness. He refuses to talk.

CYANIDE OF POTASSIUM

Was the Drug Used by Holmes in Murdering Howard Pitzel.

INDIANAPOLIS, Aug. 30.—The drug with which Howard Pitzel was killed before his body was burned in the big stove in the Irvington cottage was found Thursday. A part of a bottle of cyanide of potassium was found buried in the barn. It was given to the coroner, who remarked: "If there is any killing to be done this is the drug with which to do it quick."

Boys digging under the Holmes house in an unfinished portion of the cellar found the two feet of Howard Pitzel. They had been buried, but not destroyed, and were evidently too bulky to put into a chimney hole. With the feet was found buried a five-quart can. There was some coal oil in it. All of the witnesses were before the coroner and the grand jury Thursday.

The coroner will undoubtedly corroborate the conclusions already reached by the detectives and reporters. The grand jury is hearing the testimony and will return an indictment against Holmes.

American Imprisoned in Germany.

DECATUR, Ind., Aug. 30.—H. M. Romberg, a prominent liveryman of this city, left here about two months ago to visit his old home at Hamburg. Word has just been received here that he has been taken by the German officials and sent to prison for 12 years. The crime with which he is charged is that of whipping an official in the army prior to his coming to this country. Romberg came here about 12 years ago, and has during his stay here accumulated quite a fortune. He is a prominent member of the Democratic county central committee. He has a wife and five small children here, who are wild over the news.

Struck by a Train.

MADISON, Wis., Aug. 30.—The Chicago and Northwestern train which left Milwaukee at 8 p. m., struck a buggy at Dorsefield, in which two girls, aged 12 and 14, and a man were riding. One of the girls was instantly killed and the other girl and man received injuries which will prove fatal. The girls were daughters of Chris Heltzinger, a farmer near Dorsefield, whose hired man, Schow, was driving them home from the circus. He saw the train, but was unable to control the horse, which dashed into the crossing.

Three Men Badly Injured.

BROOKLYN, Aug. 30.—A collision occurred yesterday evening at Liberty and Vista avenues between a locomotive of the Long Island railway drawing a Manhattan Beach train bound for Long Island City and a truck of the Brooklyn fire department on its way to a fire. There were six men on the truck and three of them were badly injured. Charles Field, the tillerman, had his right arm and foot cut off by the wheels of the locomotive and will probably die. John Hogan and John Porter received internal injuries.

Preaches in His Cell.

BRAZIL, Ind., Aug. 30.—A maniac was placed in jail here last night for endeavoring to force his way in F. W. Moore's house, west of town. On his person were found letters showing that his name was Connors and that he had been educated in Ireland for a priest, but had left the Catholic church and for a number of years had been lecturing in the Protestant churches throughout the country. He is a fluent talker and constantly preaches in his cell. It is evident that he became insane recently.

Fire in Muck Lands.

LOGANSPORT, Ind., Aug. 30.—Sparks from a burning brush pile caused a fire last week in the muck lands of the Twin lakes, north of here, and many acres have already been burned over. The rains of the last few days have extinguished the blaze upon the surface, but it continues to eat its way under ground and the farmers have dug trenches and filled them with clay in order to check its progress. D. J. Calvert, ditch commissioner, is one of the heaviest losers from the fire.

Dynamite Exploded.

AURORA, Mo., Aug. 30.—At Stotts City, 12 miles north of this place, yesterday, John Todd, Frank Harper and Ernest Denton were working in a zinc mine on a scaffold 50 feet high. Thirty-five sticks of dynamite exploded beneath them, knocking off Todd, breaking his arm and legs and injuring him internally. Harper is badly injured about the head, arm and spine and is not expected to live. Denton was injured very badly.

New Country Opened.

DENVER, Aug. 30.—The Grand River Transportation, Mining and Improvement company has been incorporated to operate a steamboat line on the Colorado river. Navigation is possible to within 10 miles of the Rio Grande Western railway, which will build a branch to that point. A boat will run regularly to Moab, 40 miles below, opening up much rich agricultural and mineral country.

Grand Jury Failed to Indict.

FRANKLIN, Ind., Aug. 30.—Joel R. White, who stabbed James Sandifur some weeks ago, and who has been in jail charged with assault with intent to kill, being unable to give bond, was discharged from custody last evening, the grand jury having failed to indict. It is understood that the injured man acknowledged that he was the aggressor and that he struck the first blow.

Old-age Minister to Leave U.S.

WASHINGTON, Aug. 30.—The Chinese minister yesterday made formal announcement of his intention to leave the United States next month for Spain, to which country he is also accredited.

A SCARCITY OF RAIN

An Unheard of Occurrence Caused by Drouth.

WHOLE GROVES OF TREES DYING.

Beech and Oak in Northern Indiana Are the Easiest Affected—Rivers Drying Up and a Natural Shortage of Crops Has Been the Result—Canning Factories Discouraged—Hay Crop a Failure.

LOGANSPORT, Ind., Aug. 30.—There are several features of the present drouth in Indiana which make it one long to be remembered. For the first time in the memory of the oldest inhabitants beech trees are dying in groves. In almost every woods inspected many trees will be noticed with dead leaves fluttering from their boughs and the bark falling off in heaps.

The roots of the beech do not penetrate far into the earth, but spread out near the surface, and the long drouth has deprived them of their essential moisture. Oaks have also suffered with other shallow-rooted timber, while the huckleberry trade has been all but ruined by the withering of the shrubbery.

Since July 31 there have been but three light rains of a purely local character in northern Indiana, and these have not perceptibly affected the prevailing drouth. The Wabash, Mississippi, Salamonie, St. Mary's and White river all have their origin not far from Union City, besides a number of other smaller streams. The principal watershed of Indiana is located there, and the present season is an illustration of what would happen should there ever be a complete failure in the initial supply.

The streams named are now mere rivulets, the Wabash, which is the most important of them all, being so low that Ellettsburg that the city is unable to get water from it sufficient for its domestic supply. The Salamonie in its upper portion is completely dry, and a large part of the Mississippine's course is marked only by pools.

A general shortage of crops has been the natural consequence of this deficiency in moisture. The normal rainfall for the period from Jan. 1 to Aug. 15 would be 30.53 inches, but this season only 13.75 inches has fallen. A shortage of 16.78 is apparent.

Pastures are blown bare and the hay crop will be a failure. Already hay is being shipped into Indiana from western Illinois and country more remote by the railroad. But little of the tame varieties can be found upon the market. The commonest kind of wild hay is retailing at from \$10 to \$12 per ton, and continues in extraordinary demand. What these prices may advance to during the coming winter would be difficult to predict, but it is safe to say that the real extremity of the situation has not yet been manifested.

The Indiana Territory has first demonstrated its commercial importance by throwing itself into the breach caused by this famine of hay. A very valuable article comes from there, packed in bales, which weigh 250 and 500 pounds, and retails at \$4 per ton. The hay is claimed, costs \$5 per ton in the territory and the freight amounts to \$1 more, making it cost on board the cars \$12 per ton. But for this supply, would little there is of the home growth, would doubtless command prices ranging from \$25 to \$30.

Canning factories report a very discouraging outlook, because of the shortage of the corn and tomato crops, and about the only reason the Hoosier farmer finds for congratulation this year is the unusual abundance of fruit.

Sawmill Boiler Explodes.

HUNTINGTON, Ind., Aug. 30.—A terrible accident happened at the farm of John McCabe, about 12 miles east of this city, at 10 o'clock yesterday morning. A boiler in a sawmill owned by John Flaugh exploded, killing the proprietor's son Jacob and another employee by the name of Frank Fahl. The maimed were blown quite a distance from the mill, which is a total wreck. Both victims are men of families. The accident was due to a lack of water in the boiler.

Fighting the Saloon.

SHOALS, Ind., Aug. 30.—The ladies of the Woman's Christian Temperance union have closed the canvass of Hart township, and have filed a remonstrance under the Nicholson law against granting liquor licenses to Charles H. Mohr. They secured 11 more signatures than required under the law. The case will be fought before the county commissioners next Monday, and if the ladies are successful it will close every saloon in this city.

Three Hundred Strike.

TWO RIVERS, Wis., Aug. 30.—The employees of the Two Rivers Manufacturing company, comprising the crews of the sawmill and pulp factories, over 800 men, struck Thursday because refused a general cash payday. The probabilities are that the 200 men employed in the company's chair factory will also walk out.

Partially Recognized.

BALTIMORE, Aug. 30.—The man found murdered near Altoona, Pa., Saturday, last, is supposed to be Conrad Doemling of this city. He disappeared about two weeks ago and it was thought he went to Altoona, where he had relatives. From the description given his wife thinks the body is that of her husband.

MOSCOW, Aug. 30.—Half the town of Yakhovf, Smolensk, containing about 4,000 inhabitants, has been destroyed by fire.

CAMPOS DENIES IT

He Has Not Written Any Letter on the State of Affairs in Cuba.

HAVANA, Aug. 30.—The reports recently published in reference to a pretended letter from General Campos relative to the great proportions assumed by the rebellion in Cuba, and the proposition for the establishment of autonomy for the island, are pronounced in government circles entirely false. Governor General Campos has not written any letter to the Spanish consul at Jamaica, it is claimed, nor to any one else concerning the project of autonomy and the progress of the troubles in Cuba.

The merchants of Havana are preparing for a public demonstration on the occasion of the arrival of the troops from Spain. Boats decorated with flags and banners, carrying bands of music, will meet the steamer conveying the Spanish troops outside the harbor. The city will be gaily decorated and brilliantly illuminated. Public officials say that they are more confident than ever that General Campos will soon be able to bring about an era of peace and good feeling in Cuba.

Ex-Federals at the Encampment.

KANSAS CITY, Aug. 30.—Arrangements have been completed whereby Company A, the only veteran company of ex-federal soldiers in the United States doing national guard duty, will attend the G. A. R. convention in a body, accompanied by a large party of friends. The veterans will leave Kansas City on a solid special train over the Burlington road for Atlanta, Ga., and an extended trip through the south, stopping at Louisville for the G. A. R. encampment. The party will go direct to Atlanta from here over the Burlington road and the Lake Erie and St. Louis.

Aluminum Mine.

LITTLE ROCK, Aug. 30.—A Georgia syndicate has purchased 980 acres of land near Bryant, in Saline county, for the purpose of taking out Beauxite clay found there. There are only three deposits known to exist in the world. One at Baux, France, one in Georgia and one in Saline county, Ark. The Arkansas deposit yields 41 per cent aluminum. The syndicate proposes to erect a \$200,000 plant at Bryant for the purpose of developing the aluminum.

Will View the Works.

WASHINGTON, Aug. 30.—As a result of the recommendations of the Chicago drainage canal board, the engineer corps of the war department will make observations and take measurements so as to determine the probable effect of the operation of the proposed canal upon the level of the great lakes. No further steps can be taken until this is accomplished, and it is announced that the observations will be started as soon as practicable.

Missionaries Will Marry.

RICHMOND, Ky., Aug. 30.—Rev. T. P. Dudley, who was sent from this county four years ago by the Baptist church as missionary to India, will wed a Miss Minnie Frazier, also a missionary, from Scotland, Sept. 4. They will remain in the missionary field in far-off India.

Mayslick Society News.

Miss Scott entertained at cards Thursday night.

Mrs. Shuff will entertain the Ladies' Euchre Club Monday afternoon.

Miss Mary Danaherty, of Cynthiana, is visiting Mrs. Thomas Prather.

Miss Zoe Dunlap, of Cincinnati, is visiting the family of Mr. A. P. Gooding.

Mrs. Orville Mitchell gave a tea in honor of the Misses Hord Tuesday evening.

Mr. Hiram Taylor, of Maysville, is spending his vacation at Mr. William Pogue's.

Miss Clover, of Baltimore, a very charming young lady, is visiting Mrs. M. H. Davis.

Quite a crowd from Mayslick left for Mammoth Cave Tuesday morning. They returned Thursday.

Misses Mable and Lonise Hord are spending the week with Mrs. Orville Mitchell. They leave for Flemingsburg Saturday.

Mrs. M. H. Davis gave a most delightful euchre party Wednesday afternoon. After many very interesting games Miss May Miller and Miss Clover carried away the honors. The supper was a handsome one. All were charmed.

J. W. SHOWALTER, of Georgetown, the great American chess player, now has a possible rival in a son, one week old.

"PEPPING TOM" is sneaking about the streets of Portsmouth these evenings and disturbing the good women of that city. He ought to be given a coat of tar and feathers. That would keep him out of mischief for a while.

The engagement of Mr. Edward J. McDermott and Miss Susie Barr, of Louisville, is announced. The wedding will take place in October. Miss Barr is the daughter of United States District Judge Barr, while Mr. McDermott is one of the brilliant young lawyers of that city.

CENTRE College has taken a new plan. This year she proposes to distribute a free scholarship to each of the 119 counties in the State, and authorizes County Judges to appoint some worthy young man, who is unable to pay tuition. Board will cost \$2 a week—Exchange.

COLORADO DISASTER.

Thirteen Men Drowned Near Central City.

THE FLOODING OF TWO MINES.

Every Effort Is Being Made to Rescue the Unfortunate Men, but Little Hope Is Entertained—Americans and Sleepy Hollow Mines Are the Ones in Which the Disaster Occurred.

DENVER, Aug. 30.—A special to The News from Central City, Colo., says: The accidental flooding of the American and Sleepy Hollow mines yesterday afternoon caused the death, it is believed, of 13 miners. Every effort is being made to rescue the unfortunate men, but little hope is entertained.

A little after 3 o'clock the water in the lower workings of Fisk mine, east of the main shaft, broke through the old workings of the vein that has not been worked for a number of years. Coursing eastward, it struck the American, where two Italian miners, whose names have not been learned, were at work in the lower part of the shaft. They were both drowned.

In its course, the water diverted to the Sleepy Hollow mine, the easterly portion of the Fisk vein. Fourteen men were working in the Sleepy Hollow, three of whom escaped. A corrier was sent to the adjacent mines, and all their workmen escaped.

Those in the Sleepy Hollow whose escape was shut off, were as follows: N. Vegas, B. Brocken, Brower Prisk, William Prisk, Thomas E. Prouse, Thomas Williams, M. P. Laconi, Thomas Calbos, J. Harris, S. Valiero and John Parks.

The sounding of the whistle gave the first signal of disaster, and soon the shaft building of the Sleepy Hollow mine was so packed with the families and friends of the imprisoned miners and those anxious to render assistance that it was almost impossible for the work of rescue to proceed.

Deputy Sheriff W. W. Williams finally arrived on the ground. The building was cleared and practical miners offered their services in lowering the bucket. The farthest depth attained was 330 feet, the accumulated gas forced up by the rising water being such that a candle would not burn at a greater depth.

A second effort was made, a larger sized safety lamp having been placed in the bucket. The rescuer who first descended in the bucket, Mr. H. Prisk, was found at the 330 foot level. On reaching the surface he was almost in an insensible condition. Other volunteers went down afterward, but were not successful in reaching a lower point in the shaft, owing to the rising of the water. Extra water buckets were sent for and brought to the mine, which are now working with a view of lowering the water. The managers of the property were on the ground and were very assiduous in their efforts to relieve the men. The two in the American are without doubt dead. Those in the Sleepy Hollow, unless they can be found in some of the slopes, have met death in a similar manner.

Ever since the closing down of the pumps in the incline shaft of the New Gregory Mining company, the waters in that shaft have been gradually rising, the owners of the Fisk mine having been driven out of the lower to the upper workings. This was due to the inability of the owners of the Fisk and Sleepy Hollow to agree upon a plan to pro-rate the drainage.

DURANT JURY COMPLETE.

The Twelfth Man Finally Secured and an Adjournment Taken.

SAN FRANCISCO, Aug. 30.—The work of completing a jury to try Theodore Durant was ended yesterday by the acceptance of Samuel F. Dutton, a wholesale stationer. Both sides joined in a request for an adjournment until Monday. The court granted the request.

Monday morning the case will be opened by District Attorney Barnes. His address is expected to cover the entire case. He had at first intended to ask for two extra jurymen as a reserve, but this idea was abandoned owing to the difficulty in obtaining 12 jurors and the uncertainty of the constitutionality of the law.

Knights Templar.

BOSTON, Aug. 30.—At the meeting of the grand encampment of Knights Templar yesterday Pittsburg was selected as the place of the next meeting. Right Eminent Sir Warren Larue Thomas of Kentucky was elected grand master, to succeed Most Eminent Sir Hugh McCurdy. Three hundred and one votes were cast, of which the successful candidate received 295. Very Eminent Sir Knight Reuben H. Lloyd of San Francisco was elected deputy grand master.

Fight Declared Off.

BOSTON, Aug. 30.—The Choyinski-Godfrey fight was declared off last night owing to the fact that the boxers in the contest of last night, Walcott and O'Brien, were summoned to appear before the authorities. The board of directors of the club did not wish to antagonize the police officials, and so they gave up the contest. The attendance was very small, not large enough to pay the guarantee demanded by the boxers.

Death of a Prominent Merchant.

SAN FRANCISCO, Aug. 30.—Isaac Hecht, a prominent merchant and capitalist, head of the house of Hecht Brothers & Company, brokers, and a member of the firm of Buckingham & Hecht, boot and shoe manufacturers, died yesterday.

With the change in the ownership of the Winchester Sun comes a healthful change in its politics. It will hereafter preach Democratic doctrines.

"Suppose all of us Kentucky Democrats keep cool and see if we cannot reason ourselves out of this trouble in which we are involved," says the Frankfort Capital. An excellent suggestion. But some of us find it rather hard to keep cool, of late.

The Mississippi convict farm, which has now been in operation a year, has proven eminently satisfactory as a source of revenue as well as a medium for convict employment. The State will derive a net income the first year of \$50,000. If Mississippi can make that much a year out of her convicts by operating a farm other States can do as well.

A MAN was hung by a mob over in Ohio a few days ago, the lynching occurring almost in the suburbs of Cincinnati. The Cincinnati Tribune, in recording the lynching, headlined the report, "Infuriated Kentuckians String Up Friedman's Murderer." The Tribune editor has lately joined an Ananias Club and is making a miserable effort to beat the others at telling a lie.

"CONNECTICUT," says the New York Evening Post, "is trying a new thing in the way of legislation against the sale of liquor on Sunday. Hitherto the penalties have always been inflicted solely upon the seller. A law which went into effect at the beginning of August subjects the buyer also to punishment. The result is that, when the police make a raid upon a saloon that is breaking the Sunday law, they take into custody not only the barkeeper, but also the patrons whom he is serving. The penalty imposed upon the drinker in most cases is a fine of a few dollars and cost." This is a good law. The buyer ought to be punished as severely as the seller.

PERSONAL.

—Captain Harvey Parker, of Vanceburg, spent yesterday here with friends.
 —Mr. S. B. Chunn, the contractor, went to Vanceburg yesterday evening on business.
 —Mrs. B. P. McClanahan and daughter Maggie attended the Ripley fair yesterday.
 —Hon. Charles B. Poyntz was registered at the Ebbitt, Washington City, Wednesday evening.
 —Mrs. W. O. Cochrane and children are at home after a sojourn with relatives at Due West, S. C.
 —Mrs. Anna Means and little daughter Edith and Miss Nellie Mitchell are visiting relatives at Cincinnati.
 —Rev. J. M. Evans, who has been engaged in evangelistic work in Florida several months, came in Wednesday night to spend some time at home.
 —Mrs. E. S. Campbell and daughter, Miss Anna, returned Wednesday night from a very pleasant sojourn at Lake George and other points in Minnesota.
 —Mr. T. B. Graham, of Louisville, was in Maysville yesterday in the interest of the Christian Orphans' Home of that city. Maysville has two children in this excellent institution.

THE GOVERNOR'S FIGHT.

The Money Question Should Cut But Little Figure—Good Democrats Will Vote For Hardin.

PAINTSVILLE, Ky., Aug. 27.—The Hardin-Bradley debate is attracting a great deal of attention among the mountain people. The two political parties are thoroughly organizing their forces, and every voter will be at the polls. A number of attorneys are here attending Circuit Court, and your correspondent approached them regarding Hardin's position on the money question.

Hon. T. Y. Fitzpatrick, of Floyd County, and one of the Democratic leaders and a sound money man of Eastern Kentucky, says that Hardin is stronger than his party in the mountains, and that the money question is not an issue among the Democrats. He predicts Hardin's election by 50,000 majority.

Col. Alf Howard, of Magoffin County, and Commonwealth's Attorney for the Twenty-third Judicial District says: "I attended the Jackson convention the other day, and I found the boys red-hot for Hardin. Why, the very mention of Wat's name brought down the house. He'll be elected without doubt. I am a sound money man."

James E. Stewart, ex-Circuit Judge, and a prominent sound money advocate, says: "Yes, of course, I am for 'Wat.' He is sure of election. Money question? That's not in this race. Governor Hardin will not have a chance to regulate the coinage system, will he?"

Hon. "Bob" May, of Knott County: "I favor the sound money theory, but not to the extent that I oppose Hardin. Even if he is a silverite he was the choice of the Democracy, and I am heartily for him."

Judge J. P. Maus, County Attorney of Pike County: "It is perfectly ridiculous to talk of removing Hardin from the ticket. The people nominated him, and they are going to elect him. I am for sound money, but am red-hot for 'Wat.'"

Captain Allen Copley, Chairman of the Martin County Democratic Committee: "The money question cut no figure in nominating Hardin, and won't hurt anything in his election. I opposed his nomination, but am in favor of his election. He was nominated fairly, and that, too, by 'gold bugs,' and will be elected. His personal popularity will override all opposition."

THE RIPLEY FAIR.

The Crowd in Attendance Thursday Estimated at 5,000—Five Hundred Maysvillians Present.

The crowd at the Ripley fair yesterday is placed at 5,000 by Maysville people who were present. The local agent of the C. and O. sold 498 tickets to South Ripley, and others no doubt went down from here on the packets. Over 500 from this city and vicinity were in attendance. That's more than Ripley has turned out to the Maysville fair in ten years.

The Ripley association tried racing as an attraction some years ago, but the fair proved a failure and the company was finally sold out. The association was then reorganized, bought back the grounds, discarded racing and has been giving an old time fair ever since. And it has proved a success, as the company we understand has finished paying for the grounds.

Maysvillians present yesterday report a fine exhibition of live stock and a splendid display in the floral hall in the way of fruits, farm products, flowers, art and needle work.

Two heavy showers fell during the day, and it was late when the man went up in the balloon. The balloon landed back of Aberdeen.

WEDNESDAY was the last day for filing cases before the Court of Appeals and 1,000 cases were docketed, which is 300 more than were ever before the court before. Many of the suits are unusually important and the large number filed shows that litigation in Kentucky is on the increase, the increase being 30 per cent.

PARIS Kentuckian: "Mrs. George B. Morgan, of Bradford, Pa., arrived at Parks Hill from Dallas, Texas, where her husband is located as Receiver of two National banks. Mrs. Morgan's many friends on the grounds delighted to welcome her. Mr. and Mrs. Morgan are formerly from Fleming and Mason counties, Ky."

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.

THE TEACHERS' INSTITUTE.
The Annual Session Closed Yesterday.
Summary of the Proceedings
of the Last Day.

The institute was called to order Thursday morning at 9 o'clock by Superintendent Blatterman. The devotional exercises were conducted by Professor Shipp. "History," being the first subject on the program, was discussed by Mrs. Eckman. Why is it usually a dry subject in our schools? Because the teacher does not present it in such a way as to make it interesting to the pupil. Mrs. Eckman believes in teaching geography in connection with history.

"What Should We Expect to Accomplish By the Study of History?" was discussed by Mrs. Allen and Mr. J. W. Asbury. "Some Errors in the Methods of Teaching It," was discussed by Frank G. Houle in a satisfactory manner to the teachers.

"How I Conduct My Classes in History," by Miss Mary E. Thornton, was a very interesting talk.

"What Should the Average Beginning Class Accomplish in Five Months," was assigned to C. E. Turnipseed, who gave some excellent remarks on the subject. "The Outline Method," was discussed by Hayes Thomas.

Professor Shipp closed the discussion on "History," by making some timely remarks on the subject, and asked why study history?

First, in order to gain information.
Second, to train the child to think.
Third, to get food for thought.
Fourth, to get means for illustration.
Fifth, to cultivate the taste for general reading.
Sixth, to cultivate the memory.
Seventh, to know the future.
Eighth, to cultivate the power of speech.
Ninth, to prepare for citizenship.

Before adjournment, Mr. Blatterman made a few remarks to the teachers in regard to their year's work, after which the query box was opened and questions answered.

AFTERNOON SESSION.
"Grammar"—This subject was discussed by J. W. Asbury, Mr. Calvert, W. T. Berry, Mr. Downing, Mr. George Turnipseed and Mr. Chandler. The work done in grammar by Instructor Shipp was well adapted to the talks given by the teachers. It was grammar as related to language work. He insists upon giving due attention to the language of pupils; that this is the best means of having them acquire an easy, graceful style of language.

Do not criticize a child's composition so that he may become discouraged. Common errors in teaching:
Begin too soon.
Not enough language lessons.
Inclined to hurry through the book.

After a brief recess, "Discipline" was discussed by Miss Mary Hutchins, Mr. G. H. Turnipseed, Miss Bacon, Miss Anna Hord, Mr. Chandler, Miss Wood. Instructor Shipp closed by giving the teachers some good points on the subject. The institute closed with a neat address by Superintendent Blatterman.

Opening of the Opera House.
The announcement that the legitimate actor Mr. Lawrence Hanley is to visit this city and give an entertainment at opera house to-morrow night is a most pleasing one in every way and ought to be thoroughly appreciated by play-goers.

With one end in view of presenting a legitimate performance embracing both comedy and tragedy, Mr. Hanley has had condensed into one hour's entertainment a number of the Shakespearean serious plays, among which may be mentioned "Hamlet" and "Romeo and Juliet." All of the popular lines and situations contained therein will be given in detail and the long and draggy scenes omitted. After this portion of the entertainment is concluded, "The Player," a delightful and most interesting comedy, will be produced in its entirety, including three acts.

Unlike many other stars, Mr. Hanley has surrounded himself with a thoroughly capable company to whom he accords every opportunity to create quite as favorable an impression as himself.

FIVE special cars will be furnished by the C. and O. to convey the people of Bracken County to the G. A. R. encampment at Louisville, September 9. They are all going down to get some of that burgeo.

PHENOL, the four-year-old pacing mare of C. C. Pearce, formerly of Flemingsburg, but now of Gibson City, Ill., won first money in a Chicago race one day last week. The prize was \$1,000, and her best time was 2:11.

A HOT ROAST.
The Huntington Advertiser Disgusted at the Efforts of the Umpire to Rob the Maysvilles.

"The umpire did it."
That's an old story put up by ball clubs when they meet defeat.
It's very often a true story, however. The Maysvilles claim they got the worst of it on their recent trip and they are borne out in this statement even by the Huntington Advertiser. The BULLETIN stated yesterday that it was not the umpire's fault that the boys didn't lose all the games at Huntington. They won one, but the umpire admitted after the game that he had tried to rob them out of it. Barnett is his name, and the Daily Advertiser says he is "not fit to umpire a chicken fight." The Advertiser adds: "His intention to rob the Maysville boys was plainly visible to the Huntington fans and decisions he made in favor of Huntington should have won any game of ball. The Advertiser would suggest to Captain Poage to give Barnett the grand shake. His work as an umpire is simply disgusting and it will kill the game any place on earth. It was never shown any better than in his attempted robbery of the Maysville people. He could have robbed them more systematically by giving the Huntington team the benefit of all close decisions."

The decisions must have been rank, when the home paper roasts the umpire in this way.

Cox has been hitting the ball lately. He got six hits off of Dick Smith on the recent trip.

Wiley Davis refuses to leave the Knoxville until next season, and has declined an offer from the Reds.

Smith, Huntington's star twirler, and Tauner and Hays will probably play with the Maysvilles against the Gyms at Cincinnati Sunday.

The Gallipolis team is expected here about week after next. The boys will give them a good umpire and show 'em how to play ball.

Ashland News: "Van Winkle led the Gallipolis batting list in the first game with Maysville, taking four safe ones out of five times at bat."

Huntington Advertiser: "Van Winkle is the most popular ball player that ever came to Huntington. His home is in Danville, Ky., and the Huntington fans are with Dickie always."

The Maysvilles cancelled the games at Washington C. H., O., to-day and to-morrow. They may play six games at Hopkinsville on their Southern trip, and go to Bowling Green, Knoxville and Atlanta before they return.

Ashland News: "Gallipolis baseball scribes are veritable peachers. One says in speaking of the performance of the Maysville team in the first game, they put up a sensational fielding game, but were weak at the bat. And yet they pounded out ten safe hits."

Portsmouth is already agitating the organization of a good club next season. Here is the way the Blade looks at it: "If it was not for the base ball club in Maysville the pleasant little town would not be heard from. As it is, it is better known than Portsmouth, which is three times its size and ten times its commercial importance."

THE GERMANTOWN FAIR.

List of Premiums Awarded the Second Day—Jeff, the Great Dog Trotter.

The crowds remaining away from the Germantown fair are missing the finest display of stock shown on the grounds for several years.

The Dover band is regaling the people with choice music, and give evidence of making one of the best bands in this section of the country.

The floral hall opened Thursday with nearly all departments full. Those that are not full make up in quality what they lack in quantity.

Visitors are numerous, and all express themselves well pleased with the show of stock and articles.

The Myall & Shackelford display of buggies and carriages is one of the best. The Miller Bros., of Melbourne, have an excellent display of their stock.

Jeff, the celebrated trotting dog, has arrived, and on Thursday gave his first exhibition of speed. He in fact passes far beyond his reputation, and the fair made a ten-strike when they secured him.

Following is a list of the successful exhibitors Thursday:

When Baby was sick, we gave her Castoria.

When she was a Child, she cried for Castoria.

When she became Miss, she clung to Castoria.

When she had Children, she gave them Castoria.

The Tobacco Crop.

The Mt. Sterling Advocate says: "We have talked to a number of gentlemen from the several counties around us in reference to the tobacco crop. They were unanimous in saying that it had been largely over-estimated. From the best information we can get Madison will not have over 50 per cent. of a crop. Clark can not go over 75 per cent. and Montgomery will do well to reach 75 per cent. Fleming will not reach 50 per cent. The crop in Bath and Nicholas Counties is placed at 65 per cent.; Bourbon is also graded quite low. Unless we have rain within the next few days Montgomery County will not make half a crop."

A Household Treasure.

D. W. Fuller, of Canajoharie, N. Y., says that he always keeps Dr. King's New Discovery in the house and his family has always found the very best results follow its use; that he would not be without it, if procurable. G. A. Dykeman, druggist, Catskill, N. Y., says that Dr. King's New Discovery is undoubtedly the best cough remedy; that he has used it in his family for eight years, and it has never failed to do all that is claimed for it. Why not try a remedy so long tried and tested? Trial bottles free at J. James Wood's drug store. Regular size 50c and \$1.

Happy Children;

happy because healthy, healthy because the blood flows joyously through their veins.

But what about the weak and delicate and puny ones? They can be made well and strong.

Our book, "How to Live a Hundred Years," tells all about it, and about

Brown's Iron Bitters

that good old family medicine.

It's the peculiar combination of Iron with pure vegetable remedies that makes Brown's Iron Bitters so strengthening and purifying to the system. It's the health and happiness in it that makes it so valued in thousands of happy homes.

Brown's Iron Bitters is pleasant to take, and it will not stain the teeth nor cause constipation. See the crossed red lines on the wrapper. Book free for 2c stamp. BROWN CHEMICAL CO., 64 BALTIMORE, MD.

River News.

The towboat J. M. Clark was destroyed by fire Wednesday morning at Cheshire chute, above Gallipolis. She was partially insured.

The deficiency in the rainfall this season at Cincinnati amounts to nearly 12 inches. It's almost as bad all through the Ohio valley.

It is four months since there has been a stage of water sufficient to permit a run of coal from Pittsburg, and nearly three months since any run of consequence has been able to get out of the Kanawha.

The new Cincinnati and Pittsburg liner now nearing completion at the Fulton ways will be the first sternwheeler of large proportions to test the new style of compound engines as to speed, ease and economy of fuel. Much is promised for them, and engine builders, engineers and owners are all anxiously awaiting results, hoping they may be all that has been claimed by the projectors.

G. A. R. Encampment at Louisville.

On September 8th, 9th, 10th and 11th the L. and N. will sell round trip tickets to Louisville from all stations at one cent per mile each way. Round trip from Maysville \$3.30. Tickets good returning until October 5th.

Round trip tickets will be on sale at Louisville at one cent per mile each way to all points in Kentucky, Tennessee, Mississippi, Alabama, Georgia, the Carolinas, Florida and Louisiana, good returning till October 4th.

Notice to Pupils Who Were Graded.

Pupils who were promoted from the E grade to the F grade in district 3 and 4 will get their certificates from W. T. Berry, Principal.

Pupils from Districts No. 1 and 2 from J. W. Asbury, Principal.

BIG PROFITS Small Investments

Returning prosperity will make many rich, but nowhere can they make so much within a short time as by successful speculation in Grain, Provisions and Stock.

\$10.00 Systematic Plan of Speculation

originated by us. All successful speculators operate on a regular system. It is a well-known fact that there are thousands of men in all parts of the United States who, by systematic trading through Chicago brokers, make large amounts every year, ranging from a few thousand dollars for the man who invests a hundred or two hundred dollars up to \$50,000 to \$100,000 or more by those who invest a few thousand.

It is also a fact that those who make the largest profits from comparatively small investments on this plan are persons who live away from Chicago and invest through brokers who thoroughly understand systematic trading.

Our plan does not risk the whole amount invested on any trade, but covers both sides, so that whether the market rises or falls it brings a steady profit that piles up enormously in a short time.

WRITE FOR CONVINCING PROOFS, also our Manual on successful speculation and our Daily Market Report, full of money-making pointers. ALL FREE. Our manual explains margin trading fully. Highest references in regard to our standing and success.
